

Barricade & Hoarding Graphics

Rapid Retail Graphics · Spec sheet for tenant coordinators, store development and construction teams

What we do

Survey, print and install of graphics for mall barricades and construction hoarding, on one contract and one certificate of insurance. We work to each property's tenant criteria and send a full-colour proof for approval before anything prints. Serving the United States and Canada.

Film options

	Reusable hoarding walls	Disposable walls
Substrate	Reusable hoarding panels	Plywood and drywall barricades
Film	Proprietary matte film, engineered for very clean removal so panels can be re-wrapped	Proprietary matte film for single-use walls
Finish	Matte (low glare in mall lighting)	Matte (low glare in mall lighting)
Best for	Landlord-owned or rental hoarding systems that get reused tenant to tenant	Built-in-place barricades that are demolished at opening

Timing and pricing

Item	Typical
Turnaround	1 to 5 business days from approved artwork
Pricing	From about \$6 per sq ft installed; quoted per project
Quote	From lease drawings or a few site photos; no site visit needed to price

How a job runs

Step	What happens
1. Measure	We take dimensions from lease drawings, photos or a site survey
2. Design	We build artwork to the property's criteria, or place your supplied art
3. Approve	Full-colour proof goes to you and the landlord's team; nothing prints until approved
4. Print and install	Printed and installed by our crew; we coordinate access with the centre
5. Removal	Reusable-wall film comes off cleanly at opening; disposable walls come down with the barricade

What we need from you

Barricade dimensions or lease drawings · property name and unit · the landlord's tenant criteria if you have them · target install date · artwork, or a brief if you want us to design

Rapid Retail Graphics · 604-220-7700 · rapidretailgraphics.com · Certificate of insurance available on request
